S10 project

S10 V8 swap project , 3dr. Project comes with fresh rebuilt eng. Like new tires. Too many projects, need it gone. I have a s10 project has a 5. This V8 conversion was started but never finished. It can be used as a great project or parts, it has a clean Title. The body was removed and the frame completely cleaned and painted. The engine mounting area has been re-enforced and welded for V8 fitment. The front end has all new control arm bushings, ball joints, wheel bearings and heavy duty Moog coil springs. This frame is also ideal for place. I am selling because I simply just dont have time for it. I bought the truck and it had k miles on it I drove it daily until it had k on it it had a 2. The truck is in fair condition it has a few den. Clean PA title in hand. Bought "as is" approximately 1 year ago and have not had the time to work on it. Comes with a brand new sheet metal front clip, 4" cowl hood, Lt 1, NV 5-speed manual, brand new never run bowtie intake to make it carb and many other parts. The bed is in great shape. The driver's side door floor pan needs replaced part included with purchase. Brand new front end, Tie rods ball joints everything never been rod. Can't do the project now. It's just a roller. No engine or transmission. I just need it gone. Make offers. Could be an excellent parts as well. Very straight. I dont have the time to do part out. Also needs wiring harness. I have 2 universal harnesses with fuse boxes to build a harness. Have a few odds and ends hood pin kit, 4 pt seat belt harnesses, misc trim pieces Engine is good but. No winters no rustWould make a great Ls Swap. Have a nice little S10 drag truck project that has a ton of new parts and is almost finished it is drag truck only no title and is gutted for weight it has new gears has new spool. Have a nice little S10 drag truck project has a ton of new parts and is almost finished it is drag truck only no title and is gutted for weight it has new gears and new spool has new 8 gallon fuel cell and new copper fuel line from front to back has battery moved to bed and new master cut off switch has new blue Holly fuel pump and regulator has new seat and 5 point harness has new tci shifter. I Have a Chevy S10 truck for sale. This was a project stripped down to build a drag truck. I is basically a shell. Its setting on 3 steel rims and the left front spindle is missing and the a-arms also need replaced. The interior is gutted and there is no engine or transmission. The body has some dings and small dents but is not rusted. This is a project race truck and it does not have a title! Needs: Battery, finish installing alternator, put on new Serpentine Belt,. Not parting, NOT selling separatey I have 94 square body s10 blazer v8 project. Due to injury I cant finish it. Total rebuild with r4 automatic transmission. Has eldebrock aluminum performer intake, eldebrock 4bl carb. The blazer is pretty much rust free, has a couple of very small surface rust spots. Body is in great shape, interior is in great shape. All the hard work is done. The engine and transmission are in the blazer,. This is a '97 Chevy S But the body and the frame are about all that remains of the original truck. Rear axle is a Ford 9", which has new gears but no locker to my knowledge. Engine is a. Have a 95 S10 drag truck project alot of work done alot left to do has new blue Holley fuel pump and regulator new copper fuel line from front to back has new seat and 5 point harness new gauges new line lock new mini spool and gears has 4 point cage tacked in place has wiring done on it with battery in bed make someone a great winter project is drag truck only no title and is gutted for weigh. Have a 95 S10 drag truck project alot of work done alot left to do it has new seat and 5 point harness new gauges new blue Holley fuel pump and regulator new fuel line from front to back new line lock new spool and gears has 4 point cage tacked in place have all body parts except hood has good frame and wiring is about done and battery moved to bed will be a good winter project for someone it. Posi rear end,. Early 80's s10 short box. Cab corners and rockers replaced box is original rust free rust free gym front fenders hood has hole for air cleaner. Truck had sb chevy will include mounts and Headman shorty headers rear axle is blocked and front springs were trimmed. It is all in pieces with no interior- absolutely none was stripping to make drag truck frame is bare so u can see what you are getting. City: Mohave, AZ. Posted: 1 month ago. Another very popular mod is to put cavalier seats Cavalier seats installed. How to: Front Coilovers for a S Ok, I've noticed that every once in awhile, the subject of coilover front suspension will come up, but nobody ever does anything toward Credit goes to rhenry01 on s10forum OK First Gen'ers, when I bought my truck used there was an unidentifiable substance in the bot All of my s10 Mod's to date. Last week I disassembled the entire rotating assembly to see what kind of wear was on main bearings and rod bearings. When I purchased this How To : Manual to Power Windows. I

just did a conversion from manual windows to power windows, I didn't do the locks since I shaved the handles, so there is no need t My First Mod. Upgrading to a One Piece Grill. Headlight Relocator Mounting Kit for late-model 1st gen. Credit goes to rhenry01 on s10forum We will start part 2 by re covering the upper cloth part by the window. This fabric should come off e Freshly painted tonneau and black rims. I got some plasti dip for my birthday so i decided to see what the truck would look like with black rims. I think i looks way more agressiv Current Project Update: Cold air Intake. I purchased the intake kit from Ebay seller chromeintakes. Powered by Blogger. Got a Chevy s10 v8 project just needs finished! Built chevy motor bored 30 over 64cc heads comp cam lift roller rockers flat top pistons electric water pump new headers all new parts only been ran on the run stand! Th trans stall! The truck is in good shape just don't have time to finish it! Body in really good shape. Used to be a 2. Now it has a Tuned Port Injection and R4 automatic transmission. The body, the engine and trany are ind good shape, mls has very strong oil pressure. Now the rest of the truck has many problems. If you have a donor truck that would be the way to go Any? Calls only no text or email. I have a s10 project I've been working on and I'm going to let it go I need room in my garage. The cab has been stripped completely and painted base coat and clear even the bottom. Frame is stripped and painted stock rear still in place. Front suspension is out and have several new parts. Custom dash. Great doors, fenders, bed and steel cowl hood. Any questions call or text. Great start on a. Not in truck. Has hood as well had nowhere to put the white hood at the time Woul. Rust free,American racing black wheels. V-8 conversion complete with motor mounts. Comes with turbo trans, new front clip, new grill, new springs, new bumper. This truck is ready to race, just needs a chevy and some love. Good title. Brand new motor mounts. Brand new oil pump new one piece gasket. Truck just needs finished just don't have the time or money. Trucks lowered 3 inch in front. Needs to be finished ci 4 bolt with turbo transmission motor and transmission just sitting on frame will sale body separate call. Have a 94 s10 for sale I started this truck has a v8 project but since have lost interest.. I have the truck partially a. S10 rolling chassis was 2. Here I have a and Chevy S10 's one running one is not, the 2 wheel drive red S10 has been rolled but still runs and drives, as you can see in pictures the cab and box is damaged, v6 motor with , miles. The Black S10 is 4 wheel drive that does not run but has a solid chassis and good tires. Could be good parts vehicles or have a motor swap and really be a solid vehicle. I have title. Engine has 20 runs on it at the track, but not in this truck. It trapped 92mph in a full weight 3rd gen camero with 3. City: Colorado Springs, CO. Posted: 2 years ago. City: Ocala, FL.
