Found a decent newer car for my family at Glen Thomas. Had the privilege of working on the deal with a man named Luke. Luke was very professional, made the buying experience very pleasant. I didn't feel uncomfortable at any time. I was also paired with a woman named Sonja, she showed me the car and answered any questions I had about the car. Before I pulled off the lot they were able to wash and detail my new car for me which was a nice gesture of them. Finished the deal with a woman named Alice in financing. Alice was very pleasant, proffesional and personable. My overall experience was and is a 10 out of I've only had the car for a day. But the car looks and runs good. Hoping she doesn't give me any problems any time soon. See carmax. At CarMax, finding the right car is easy. Overall Consumer Rating. Acura extended the warranty but refuses to honor it. Acura Client Relations leaves a lot to be desired, they are awful. They give you no information and when you give them information their only answer is, "Sorry, there is nothing we can do". That's the response to everything. Under TSB B and B expiry 7 years after original purchase date Feb according to the title I'm well within the time frame. But you don't, so we can't support a case for goodwill, you can try the dealership. Sorry, there is nothing we can do. Because of Acura Client Relations I won't purchase another Acura, its a shame because I love the cars, but I can't support a company that doesn't stand behind its product. I guess we both lose out. Very helpful and

answered all my questions about the truck my purchase of the truck went down great. Daniel made effort to look at the truck and give me the details as well as check out the other truck on the lot. I'd recommend him to anyone looking to buy a vehicle; whether I use his services or not. At least 3 people responded to my inquiry, with specific emphasis on issues I had concerns with. They were responsive and professional at all times. While I may or may not purchase from them, I appreciate their follow-up and recommend them. Lee was very professional and reached out to me when I showed interest in a suv I was looking at. He answered any questions that I had without hesitation. When I asked if any of my friends knew about him they recommended him. Let me repeat one more time. I am not interested in doing business in Colorado. I live in Illinois. My experience was great up from the convo to me walking of their lot with my truck. Nate is amazing very nice and helpful had patience with me answered all my questions I had, Nacho the sales associate was nice as well he probably had the most patience with me of my millions of questions I had. The have beautiful cars on there lot. I thought they were very honest about everything. Truly happy coming to Norfolk. I Live my truck!! Great dealership, quick to respond. Overall good guys at the place. This particular Dodge that I inquired about was sold before I could get there, but I am currently in the process of getting a different truck through them. Thanks guys!! I reccomend them to anyone looking for an honest dealership that will EARN your business. Miner has been updating the vehicles and negotiating the price and he specifically told me that he had a few cars at my budget I had to travel there and he failed me. Best experience at buying a car. He was honest and made me feel welcomed. His banks work well and there are no hidden fees. Small area and has different cars and works with your budget. Again, no hidden fees just required ones by law. Great place give them a call and ask for Fazy. While I wasn't in a position to purchase this exceptional Ranger; I greatly appreciated their straight forward business philosophy. Thank you John. Was not really helpful. When we came in for a test drive just handed us the key and was like figure it out on your own. I already knew I wanted it when it appeared on my phone. Very responsive, but their listing of the car overstated the actual features and specifications on the car. It was a very quick response - I later realized it was not the year I was interested in, my mistake. I responded back what I wanted to pay and what I thought the vehicle was worth. The vehicle is overpriced not only on car gurus but other dealerships. Oh yeah the quote was for 72 months at Thanks but no thanks. With its all-new ZDX crossover, Acura dives head first into the rapidly evolving niche market for luxurious vehicles that emphasize sophisticated design over maximum utility. Acura describes the ZDX as the ideal vehicle for "passionate getaways," conjuring images of empty-nesters donning their designer sunglasses and zipping off to Santa Barbara or Palm Springs for the weekend. The formula is simple: Take a mainstream SUV in this case the wildly popular car-based MDX , dress it in avant-garde styling, add in a swanky interior, and you wind up with a uniquely expressive crossover that can be sold at a premium price. There is no denying that the ZDX is eye-catching. Its aggressive stance, high beltline and tapered tail combine to make it stand out from the crowd. Acura's new design theme is evident with a trapezoidal grille finished in matte silver and multi-element HID headlights. The high-tech look may not appeal to all, however, and the low roofline makes the rear seat a chancy proposition for even moderately tall adults. Where the new ZDX really does impress is with its elegant interior. The design is fresh and appealing, with smooth contours that seem to wrap around occupants. Top-notch fit and finish has long been an Acura strong point and the ZDX raises the bar even higher with supple, hand-stitched leather covering the seats, door panels and even the dashboard. The alloy 3. The only transmission offered is an all-new six-speed automatic with manual shift capability. Also standard is Acura's highly sophisticated SH-AWD system that varies power distribution both front to back and side to side, making "passionate getaways" possible in any weather. The equipment list is extensive and nearly every modern convenience is either standard or available as part of an option package. All ZDXs get leather memory seats, a 6-CD stereo with Bluetooth, power operated tailgate, and even a rear-view camera. Stepping up to the Technology Package adds a capable and intuitive navigation system as well as an ELS speaker surround stereo that wouldn't be out of place in a movie theater. The top level Advance Package brings special magnetic suspension dampers, ventilated seats and adaptive cruise control. In a rapidly evolving marketplace, Acura believes the ZDX is just what affluent baby boomers want. On paper the ZDX does match up well with the competition. In the showroom its eye-popping design details might be the deciding factor for those who are seeking something just a little different.
